

February 8th 2018 - Governing Board Principal's Report

- Monique Vacval, kindergarten teacher, and Ian Massé, grade 6 teacher, have returned from a leave of absence. All our best wishes to Jennifer Akad and Diana D'Amora
- High School Math teachers took part in a workshop to learn all about the resources provided by *Math Help Services* available online and provided this year for secondary 3 to 5 students.
- High School Dropout Prevention MESA Goal was developed with the help of Anne Nicholson, School Board consultant. At risk students will be paired with a mentor in an effort to foster building of positive relationships at school.
- Principal attended a training on *Office 365*. It was discussed that school secretaries would appreciate some professional development on these tools as well.
- January 30th SAE and AES grade 6 students visited SAA. They now have a better idea of how things work in High School.
- Principal and union representative, Hugh Cooke, attended a training on *The Danielson Framework* for professional development and evaluation. School Board will be implementing teacher evaluation in the coming years.
- Re-registration forms were sent out for parents to complete. The registration period takes place in February. School Board has produced publicity banners and posters for pre-kindergarten. They will use social media to target families in the region in low socio-economic areas (postal codes). School will be seeking the help of all partners to promote our pre-kindergarten in our zoned territory.

France Celestino

Principal
